

- New Entegra Coach logo on all applications from digital dash screen to mud flap.
- Valid's Trueline automatic one-step air leveling system utilizes leading-edge accelerometer technology to provide a stress-free Coach leveling experience.
- Starlink RV satellite internet system with download speeds depending on monthly plans of 50-500 MPS for \$110 - \$500 a month with unlimited data and no contract or cancellation fees.
- Changed from push button start to keyed ignition switch start.
- Air leveling system now has a feature to tilt the Coach up to 2 inches higher on passenger-side for a full waste dumping assist.
- Hot and cold water hook-up in front cap area with 30 foot coiled hose for easy cleaning of the front windshield.
- Pull-out pantry drawers on all floorplans regardless of width size.
- A filtered water dispenser located by kitchen sink faucet to replace water dispenser in refrigerator door.
- Customer driven request of a grey tank flush is now standard, operating in conjunction with the black tank flush.
- Supplier newest LED headlights have the brand name Essentials.
- Chic leather-wrapped billet interior entrance handle to coincide with the modern dash design.
- The "D" floorplan has an added bank of kitchen drawers, adding 18percent more storage in the galley. We designed a full kitchen base height pull-out spice rack/storage area on the right side of kitchen base cabinet. The sink and cooktop are now flip flopped to gain the additional storage.
- The generator door now has guide pins, along with corner bumpers, for a secure, tight fitting closure.
- User-friendly lock, unlock system on the removable front entry door screen.
- Phenomenal exterior paint schemes remain the same as the 2023's but with four new exciting color selections. Gold Ice replaced with Burgundy Bliss, Black Cherry replaced with Crimson Grey, Silver Spruce replaced with White Coral and Sugar Cookie replaced with White Sands.
- Changed to user-friendly Cotek inverter from GOPower. Cotek is the manufacturer of the GOPower inverter, so we are now buying directly from OEM.

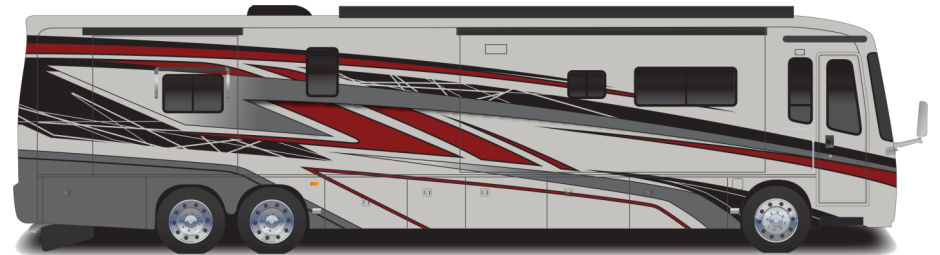

- Added strip lights under all slide-outs for a warm, light glow around entire Coach.
- Added 2 inches of night shade material to the day shade in front cockpit, now a functional sun visor to help shade the eyes of driver and passenger from the glare of sunlight.
- Redesigned dinette chairs for added comfort.
- New decorative lights to match the more modern interior.
- Improved LED lighting in the rear wardrobes with new light bar/clothing rod.
- Stylish new design of the fabric headboard.
- Induction cooktop cover will now be multi-purpose with cutting board on the backside of the cover.
- Contemporary styled Crown Italian leather replaces the traditional design furniture style on the 2023's.
- An optional solid wood headboard is now being offered to replace fabric headboard.
- Stunning new Stonewall Matte grey cabinets available for the first time that works beautifully with the contemporary interior.
- The Italian leather theater seats will now have a storage drawer on the bottom of the center console while still retaining top center console storage.
- The option of deleting dishwasher is now being replaced with two drawers—one 4 inch deep and the bottom drawer 6 inches deep.
- The shoe storage cabinet in the rear wardrobe has been removed.
