THE ENTEGRA COACH ADVANTAGE

THIRD BRAKE LIGHT AND BACKUP CAMERAS

Backing up a motorhome is much different than your everyday vehicle. It can be expensive, tricky and even impossible to retrofit some motorhomes with additional safety signals or rear-view cameras. At Entegra Coach, backup cameras and third brake lights are installed on each and every motorhome. These features allow you to navigate with ease, while helping deliver you to your camping destination safely.

STRONG ROOF

Not only is a strong roof important because it's key to the overall structural integrity of a coach, but also for maintenance purposes. The roof may need some TLC throughout camping season. The ability to safely walk on the roof to perform some simple cleaning and sealant maintenance is a huge perk for Entegra Coach owners. Not to mention how it can endure a surprisingly heavy snowfall or falling tree limb.

120" WINDSHIELD

Entegra Coach's windshield is the largest in the industry and provides improved visibility during travel. In fact, Entegra Coach uses the same windshield in our gas Class A product used in our top-of-the-line diesel pushers. The addition of oversized wiper blades keep the view clear, even in the rain.

TOWING CAPABILITIES

Entegra Coach engineers motorhomes with a tongue capacity at ten percent of the tow capacity, which is the optimal ratio. In turn, this allows Entegra Coach customers to tow more, without the need for a weight distribution hitch.

SAFETY BELTS ON ALL SEATS

Everyone would agree the most precious cargo is the loved ones you travel with. Jayco installs stress-tested seatbelts in every designated seating location to ensure the safety of your entire family. In an Entegra Coach motorhome, you won't have to put anyone at risk due to limited safety belts.

TUFFSHELL™ LAMINATED WALLS

Entegra Coach's exclusive Tuffshell wall construction process uses vacuum bonding to laminate fiberglass with welded aluminum framing, metal backers, decorative interior wall panels, and fiberglass exterior siding. This super-durable structure is designed specifically for heavy use and travel while still reducing weight.

SOLAR HOOKUPS, LED LIGHTING

It's not only environmentally friendly, but solar hookups reduce the cost and load of electrical use in your RV at camp. More and more motorhomes are equipped with solar hookups or prepped for easy installation. LED lights are another energy-saving option many RVs offer. Both solar prep and LED lights will be found on all Entegra Coach motorhomes.

750-lbs.
OVERHEAD CAPACITY

UNBEATABLE BUNK RATINGS

Entegra Coach has designed our overhead bunks to hold 750 lbs. - this is 250 lbs. more than any of our competitors. Entegra Coach's superior bunk capacities extend beyond the overhead bunks, with a capacity of 300 lbs. in each standard bunk, as well.

300-lbs.
STANDARD CAPACITY

WE GO TO GREAT LENGTHS TO BUILD BETTER RVs

You can count on our motorhomes – and our focus on family fun – to go the distance. So you can maximize every moment, no matter where the journey takes you. These are the extra steps we take to set Entegra Coach motorhomes apart.

THE E-Z DRIVE® RIDE AND HANDLING PACKAGE

Entegra Coach's E-Z Drive packages, which offer a powerful blend of precise handling and renowned stability, make the journey as enjoyable as the destination. These important additions make your trip more comfortable without the need for expensive aftermarket upgrades.

ENTEGRA COACH 2+3 WARRANTY

Entegra Coach's warranty is the best in the RV business. The two-year limited warranty is twice as long as the industry standard, keeping you covered for two full camping seasons. Add to that the three-year structural limited warranty and you've got the most complete coverage that provides a peace of mind.

RESALE VALUE

When establishing a trade-in value, motorhomes are valued by their base price only. Any optional equipment will not be included in this number. Entegra Coach motorhomes come packed full of standard features, with very few items left to option in. By building desired options into the base price of the coach as standard features, rather than adding them as options, Entegra Coach builds a higher resale value into their motorhomes. This leads to a better return on your hard-earned investment.

VISION

Equipped with

VALUE AT ITS FINEST

If you're looking to join the Entegra Coach Class A family for the first time, this is the coach for you. The gas-powered Vision motorhome provides many of the luxurious features of our diesel lineup in a gas coach, standard, at a lower price point. Combine its shorter length with the exclusive E-Z™ Drive ride and handling package, and you'll have many of the comforts of home in a motorhome that's easy to navigate and comfortable to drive.

VISION

Kitchen featuring recessed stainless steel sink, Furrion® all-in-one cooktop and oven and residential-sized microwave

Bathroom featuring shower with decorative surround and skylight, recessed stainless steel sink and toilet with foot flush

8 cu. ft. gas/electric refrigerator and pantry

Bedroom featuring walk-around King-sized bed, overhead cabinets and mirrored wardrobes

Living area featuring hardwood cabinet doors and drawers, high-intensity LED lighting and swivel driver and passenger seats

The value-packed Vision, Gas Class A RV packs a ton of convenience and comfort in a coach ranging from 28 to 32 feet in length.

VISION XL

Equipped with

HIT THE ROAD

The most recent addition to the Entegra Coach Gas Class A lineup, the Vision XL is jam-packed with surprising and innovative standard features. Built on a Ford® F53 chassis, the Vision XL is equipped with the E-Z™ Drive Elite package that provides the superior ride and handling experience travelers have come to expect from Entegra Coach. Among other upgrades, the 2021 Vision XL offers new décor and graphics, including four full-body paint options.

VISION XL

Kitchen featuring Furrion® all-in-one cooktop and oven, 21 cu. ft. residential refrigerator and residential-sized microwave

Bathroom featuring shower with decorative surround, glass doors and skylight, recessed stainless steel sink and mirrored medicine cabinet

Large pantry
(optional combination washer/dryer available here)

Bedroom featuring walk-around king-sized bed, LED TV and mirrored wardrobes

Living area featuring LED-lit hardwood fascia, Entegra Coach exclusive legless dinette and optional theater seating

The Vision XL is longer than its sister Vision model, but still under forty feet and offers additional luxury features and technologies.

2+3
YEAR LIMITED | YEAR STRUCTURAL
WARRANTY

NO ONE OFFERS A BETTER WARRANTY

At Entegra Coach, we build our RVs to handle every adventure, then back them with our industry-leading 2+3 limited warranty. Our 2-year limited warranty has you covered for 2 camping seasons. That's 730 days. In addition, our 3-year structural limited warranty has you covered for 3 camping seasons or 1,095 days. You won't find a better limited warranty in the business, because the only strings we attach are those that deliver the ultimate in reliability. For a copy of our 2-year limited + 3-year structural limited warranty with complete terms and conditions, please contact your local Entegra Coach dealer.
